It's Game Day as the Stars welcome Torch FC in the 2018 NPSL home opener this afternoon at the South Philadelphia Super Site.

TEAM NEWS

Box-to-box midfielder Yaya Fane will miss the game as he serves his one-game suspension from last season.

Forward Bill Walleekendeh won't be available as he awaits his int'l clearance from Sweden.

New signings Ralph Jacobs, Thaimu Turay, Samba Koroma and Nyakeh Kamara could make their NPSL debuts for the Stars, while head coach Fatoma Turay faces a positive selection headache with all 30 players available for selection.

LAST TWO MEETINGS

The Stars locked horns with Torch FC twice last season, winning at home but losing away.

The Stars won 4-1 at home on May 20, 2017, as Zoncher Dennis scored a brace while Anthony Allison and Kouassi N'Guessan had a goal each.

In the return leg a month later, a brace from Allison wasn't enough as the Stars squandered a 2-1 lead to concede three goals in the last seven minutes of the match to lose 4-2 to the Torch.

BACK IN THE CITY

STARS ARE MOVING TO SOUTH PHILADELPHIA SUPER SITE

Junior Lone Star FC announced last week that the South Philly Super Site in Philadelphia will be the new home of the club for the 2018 NPSL and NESL season.

The team will host a total of eight (8) regular season matches (5 in the NPSL, 3 in the NESL) at the South Philly Super Site beginning with the NPSL home opener today.

The Stars have been using the Monsignor Bonner High School Stadium in Drexel Hill, PA for the past four seasons after playing at the Northeast Philly High School in 2012.

Also known as the Southern Field or Bok Field, the South Philadelphia Super Site is a playing complex at 10th & Bigler Streets in South Philadelphia owned by the School District of Philadelphia.

Constructed by the Seravalli Inc. in 2010, the complex has a synthetic turf field, running track, grass baseball, softball and practice fields and aluminum grandstands that seat thousands of spectators.

The stadium also has a press box, concession stands, bathrooms, lighting and scoreboard thereby meeting the required minimum standards of both the NPSL and the NESL.
